PROFILE SUMMARY

Passionate software developer with expertise in full-stack web and mobile app development, delivering complete solutions from design to deployment for seamless user experiences.

WORK EXPERIENCE

Software Developer
Renixe InfoTech Private Ltd **July 2023 - present**

- Developed and deployed multiple mobile applications, enhancing user engagement and functionality.
- Built and maintained web applications, ensuring responsive design and seamless user experiences.

PROJECTS

E-PARKING BILL GENERATOR

TECHNOLOGIES: FLUTTER,DART, PROVIDER, DIO

- Developed a Flutter app to generate digital parking bills with real-time cost calculation.
- Implemented dynamic vehicle management and integrated a stopwatch for tracking parking time.
- Created features to generate e-bill images and share them via WhatsApp.
- Used Provider for state management and optimized downloads using Dio.

SNEWS APP

TECHNOLOGIES: FLUTTER,DART, SPRINGBOOT

- Developed a fully functional news app with a clean and modern interface.
- Integrated user authentication to secure user data and provide personalized experiences.
- Created a community chat feature, allowing logged-in users to engage in group conversations.
- Built a personal chat feature, including a request-and-accept mechanism for secure one-on-one communication.
- Integrated Firebase Cloud Messaging (FCM) to send real-time notifications.

ADMIN PANEL SNEWS APP

TECH:REACT.JS, SPRINGBOOT, POSTGRESQL

- Developed an admin panel to manage the news app effectively, with a focus on user-friendly design and functionality.
- Implemented admin login authentication to ensure secure access to the admin panel.
- Hosted the admin panel on a reliable server, ensuring 24/7 availability and scalability.

SOFT SKILLS

- Strong analytical and problem-solving abilities.
- Excellent communication and teamwork skills fostering innovation.
